Pre-tour Luxembourg-city

Make sure you retrieve the best out of your EM 2011 : go for a thrilling pre-tour in Luxembourg-city. One of EU's smallest capitals with much to discover than banks : the city features a collection of unique locations, including its old quarters and fortifications which are ranked among UNESCO World Heritage ! But Round Table wouldn't be Round Table without experiencing Luxembourg by night. Be prepared for a stirring entry into you EM 2011 !

Friday 17

Arlon : Accueil

Get together in Arlon's old quarters. With a stunning view over the city, meet old "48" friends and… make new ones. On the doorway of Saint Donat's church, standing on the Knipchen hill, where Waleran I of Limburg once built his castle, you'll enjoy finger food and local drinks. Before proceeding to the next steps, you'll depart to your guests or hotel and settle down… for a little while.

Friday night :

Belgium by night as you never experienced it before!! Nestled in the middle of a forest with only wild life in the surroundings, a hunting lodge will host a definitely unique **Porky's party**. Arlon 48 will offer you the best of Belgium food (roasted wild boar, Belgian fries (the original!)) and drinks (beer and beer). But food and drink are enough to foster friendship : a DJ will make you dance. Alors on dance !

Saterday 18

Saturday Morning :

Trappist beers are brewed under control of Trappist monks. Of the world's 170 Trappist monasteries, seven produce beer (six in Belgium and one in the Netherlands). This is your chance to visit the brewery and monastry of Orval, definitely one of the best beers in the world (beer critics consider Orval, like most Trappist beers, to be world-class quality, but the Orval is definitely an outlier within the group)! As with all other Trappist breweries, the beer is only sold in order to financially support the monastery and some other good causes.

Samedi midi :

Typical Belgian food !

Saturday afternoon :

Big RT 48 Challenge

Funny outdoor games with multiple stands and a celebration for the RT48 2011 champions team. The President's meeting will take place in the afternoon. At the end of the game, you will go back to your guesthouse or hotel to get some rest and prepare yourself for the evening.

Saturday evening :

Gala Dinner RT48

The Gala Dinner will take place in the exceptional site of « Pont d'Oye » Castel located in the middle of a forest with only wild life in the surroundings. Our Norvegian friend will have the opportunity to present the next EM -Grimstad 2012 during the evening. A powerful band and the master of Tchik & Tchak will ensure that you will never forget this evening.
